

As a trusted corporation, we share the great responsibility to preserve the quality of the environment for future generations.

ENVIRONMENTAL POLICY

NNR must exist as a corporation that is useful to and trusted by society. We continually work to meet our philosophy of providing confidence, comfort and enjoyment to our customers and throughout the communities. We have a top-level focus on compliance and CSR.

NNR Global Logistics UK Limited shall conduct all of its operations with due regard to the environment and the health and safety of our employees, customers and the general public.

NNR recognise our responsibility to contribute to the protection of the environment for future generations. We continually monitor our performance and encourage employees, partners and customers to join together and minimise the impact on the environment.

We shall continue to make a significant contribution to the protection of the environment and minimise our corporations environmental impact.

REDUCING IMPACT

- As a company we share a mission and responsibility to preserve the quality of the environment for future generations. NNR has instituted environmental management as a common management practice throughout our group with specific initiatives to minimise our environmental impact.

APPROVED ENVIRONMENTAL SYSTEMS

- Our environmental management system is managed in accordance to the standard of **ISO 14001** with clearly defined objectives highlighting areas for improved performance to minimise impact. Regular meetings and audits collect data and feedback is relayed to all stakeholders.

WE ARE ALL RESPONSIBLE

- NNR encourages our employees, partners and customers to join with us in reducing the effect we have on the environment. Stewardship of the environment rests with us all and we must all play our part in ensuring future sustainability.
