

**A NISHITETSU GROUP
COMPANY**

NNR

The logo features the letters 'NNR' in a bold, blue, sans-serif font. A yellow curved bar is positioned above the first 'N', and a red curved bar is positioned below it. The background is a light gray illustration of a landscape with wind turbines, trees, and clouds. A white car is shown on the right side, connected to a charging station. The bottom of the image is decorated with various floral and swirl patterns.

WWW.NNRGLOBAL.COM

NNR is a member of the Nishitetsu Group that boasts a rich history and has been widely acclaimed as a provider of high-quality products since it's foundation at the beginning of the previous century, in 1908 to be precise, in Fukuoka, Japan. **OVER A CENTURY OF EXPANSION WITH BALANCE.**

+110
years

+1 MILLION
customers per day

NNR is an acronym for Nishi Nippon Railroad Co., Ltd. The early days were enjoyed as a public transport provider in the South West of Japan which is still a substantial part of our business. NNR has grown since, mainly organically, through careful planning and a pragmatic approach. NNR Global Logistics was the first licensed forwarder in Japan, in 1948 and has also enjoyed stable organic growth since our business began.

Our mission is to provide transportation which is safe and environmentally friendly so that our children can inherit an environment which is pleasant for living. Since 1992 school children have provided the cover art for our CSR reporting documents and NNR actively engages with initiatives in schools around the world.

22%	Logistics: International, Domestic, Global logistics
21%	Transportation: Railroad, Bus, Taxi

NNR's promise is to deliver to our customers 'excellent service at a reasonable price' driven by Stability, Reliability and Visibility. The extensive network of NNR facilities provide a stable and consistent business style and a local approach in every operating region. We deliver cost efficient, personalised and reliable solutions coupled with a comprehensive online tracking and management system for visibility and complete control. **AMAZING PEOPLE WITH BRILLIANT TECHNOLOGY.**

NNR partner premium brands, market leaders and visionaries.

+150 MILLION
kilos of Air cargo pa.

NNR has a global procurement program with capacity agreements with all major carriers. We operate a variety of tailored Air cargo services that allow you to choose whether to deliver quicker to market, take the optimum balance of cost and transit time, or select an economy mode when you have time to spare. Our best sellers are our express **AWARD-WINNING** daily departures, giving you the fastest transit time available and the quickest delivery.

+150,000 TEU
of Ocean cargo pa.

NNR operate FCL and LCL services worldwide. Ocean freight provides the optimum price and when planned correctly avoids some necessity for warehousing, reducing inventory. NNR has capacity agreements with all major carriers and similar to Air cargo, have a global procurement team that ensure we have the most reliable options available to you. Our best sellers are our **AWARD-WINNING** space protected FCL services to and from Asia and The Americas.

+5 MILLION sqft
of warehouse space

NNR provide contract warehousing and distribution solutions from modern facilities with sophisticated warehouse management systems. These provide integrated real-time order management and complete inventory control. A suite of inventory control options ensures we can meet the most complex of requirements. Our best sellers are our **AWARD-WINNING** inventory solutions with production, kitting, re-working and final-mile distribution.

+1.2 MILLION
cargo shipments pa.

NNR provide fully managed services by Air, Ocean, Road and Rail. NNR will select the best solution to suit your budget and transit time requirement. Customers partnering with NNR (including both 3PL and 4PL) are allocated a super-responsive single point of contact. Our best seller is our **AWARD-WINNING** multi-modal Control Tower that manage all shipments, regardless of origin or destination and provide extensive reporting with analysis.

NNR policy dictates that each group company should adopt a Quality Management System to control all business practices. NNR subsidiaries hold a variety of quality-based marques, including endorsements such as AEO, ISO and AS9120. Safety is assured by strict and unequivocal compliance with group mandated and locally approved security protocols by The CAA, C-TPAT and TAPA. **YOU CAN TRUST NNR.**
